Cham, July 29, 2022

Dear Paul,

In accordance with Article 1, Section 1.2 of the National Electrical Manufacturers Association Procedures for Development of American National Standards (2020), Landis+Gyr AG on behalf of itself and its affiliates (collectively, “Landis+Gyr”) hereby discloses that Landis+Gyr owns, controls, and/or has the ability to license the below listed patents (“Essential Patents”) containing one or more Essential Patent Claims with respect to the below identified ANSI standard or proposed ANSI standard (the “ANSI Standard”). Landis+Gyr hereby declares its intent to grant a license to practice and use such Essential Patent Claims to applicants desiring to utilize the license for the purpose of implementing the ANSI Standard per the details (“License Details”) set forth below.

ANSI Standard

C12.10

Essential Patents

US 2021/0148948 A1: METHODS AND SYSTEMS FOR CONNECTING AND METERING DISTRIBUTED ENERGY RESOURCE DEVICES

US 11,237,194 B2: METER FOR USE WITH A DISTRIBUTED ENERGY RESOURCE DEVICE

License Details

Landis+Gyr intends to grant a royalty-bearing license to applicants under reasonable terms and conditions that are demonstrably free of unfair discrimination (FRAND). These license terms are irrevocable by Landis+Gyr and are subject to a condition of reciprocity.
